

## Season 1 Episode 6

## The Ball Lady

Keith is standing on a stone platform surrounded by a cloudy sky. Keith explores the platform and he sees a statue of the Ball Lady (a manly looking lady wearing a shower cap and a bathrobe). Keith said, "Oh crap. The Ball Lady owns this place." The Ball Lady said, "That is right Keith and now you have walked into my trap." Keith sees the Ball Lady emerges out of nowhere and she stands tall and mighty over Keith. Ball Lady said, "You stand no chance against my insane plot." Keith goes to his communicator watch. Keith yells in it, "This is Keith! I have walked into a trap set up by Ball Lady. I require reinforcements..." The Ball Lady said, "Keith, last time we met I knew there would be someone worth more to me than you. Sure, you are a powerful asset of the Ultraverse Monks but there is someone worth more to me." Ball Lady holds her hands over a crystal ball and it shows Ivan. Ball Lady said, "I want to crush the one you call, Ivan." Keith said, "This is all to get Ivan?" Ball Lady said, "Ivan did this to me and he is the one that is going to pay." Keith said, "Then I must sacrifice myself for a worthy cause." Keith goes to his communicator watch and Ball Lady points and said, "Minions! Get him, Korter and Kyan." Two balls with faces on them jump out and they bounce all over the platform. Keith hits one of them with his cyan sword and it bounces away and hits a wall and bounces back and smacks Keith in the face. Keith falls over and they pound Keith. Korter said, "I wish I can get his watch but I have no arms. Can you get it, Kyan?" Kyan said, "I don't have arms either dimwit!" Ball Lady said, "I will get the watch." Ball Lady rips the watch off Keith's wrist. Ball Lady picks up Keith and takes him to a dungeon.

Ivan and Safron are sitting at a TV playing some game that involves moving pieces of a sphere around to break pieces and free a robot underneath. Ivan said, "This is my game and you are going down." Safron said, "I've been playing this game for years. It is you that is going down." Roswell bursts through the door and he said, "Emergency, rawr, emergency!" Ivan said, "What is it, Roswell?" Roswell said, "We have received a distress call from a classical universe. It is from Keith. He seems to be in mortal peril." Safron said, "We need to rescue him by all means." Roswell said, "Yes, exactly. The Ball Lady is behind this." Ivan said, "The Ball Lady?" Roswell said, "I will fill you in. I have dealt with this, Ball Lady before. You need to bring your girlfriend and that meat-head kid that hangs around with you." Ivan said, "Dirk is not a meat-head and Safron is not my girlfriend." Roswell said, "Sure thing."

Ivan, Safron, Dirk, and Roswell, are in a monk transport and it heads for the universe and location Keith last reported. They find the stone platform surrounded by a cloudy sky and they see ancient ruins everywhere. Ivan said, "This looks like the kind of place where we would find Keith." Roswell said, "This is Keith's favorite kind of place. We know something must be up." The Ball Lady emerges out of nowhere and she said, "Ah, more monks. This is just what my appetite demanded and look... You brought Ivan with you. I love myself some, Ivan." Ivan scratches his head and he said, "Do I know you from somewhere? You look familiar." Ball Lady said, "Come to your senses and you will know what I mean." Korter and Kyan jump out and the monks draw out their swords. Dirk punches one away and punches the ball away again until it is gone. Dirk jumps on the other one and pins it down. Roswell said, "I think I know where Keith is. I fly above and I don't see him and there is only one building here. He has to be in it." Safron said, "Nice deductive thinking."

Ivan, Safron, and Roswell run to the dungeon where more balls fly around and smack the monks. Roswell dodges the balls and he sees Keith is stuck in a cage. Roswell uses his sword to deflect off the balls and he picks the lock on Keith's cage. The sword doesn't do much so Roswell uses his beak and he breaks the lock and frees Keith. Safron and Ivan get pinned down by the balls. Roswell and Keith fight off the balls and they free Ivan and Safron. They head outside and they see the Ball Lady standing over them with a crystal ball. Ball Lady said, "Ivan. You will remember me after I show you what I used to look like." The Ball Lady makes an image appear in the crystal ball and it shows Mr. Darbill, a teacher Ivan had in high school. Ivan said, "Mr. Darbill? What does he have to do with anything?" Ball Lady said, "Everything! Can't you see the resemblance?" Ball Lady shows herself next to Mr. Darbill. Ivan said, "You are Mr. Darbill?" Ball Lady said, "It's about time you figured it out." Ivan said, "How could it be?" Safron said, "Who is Mr. Darbill and what does he have to do with this?" Ball Lady said, "Let Ivan tell the story." Ivan said, "Okay so here's what happened..."

Ivan said, "Two years ago in our universe, Mr. Darbill was a teacher everyone hated at my high school. He would pick on kids that work hard and try to achieve great marks and he would reward kids for doing perfect. He would purposefully do things to make me fail projects and tests and he would make me work in the school's freezer room after hours without any pay or reward. He would constantly put me through inhumane conditions. The last straw was when he lectured the class about things that would not be allowed on TV and would make any normal man cringe in disgust." Safron puts her hand over Ivan. Ivan said, "I had to do something. I hid a small sound recorder I invented and it picked up everything he said and more. I also found obscure files on him. I showed them to police and it turns out that the things he did were not legal. He was then fired. I thought that was the end of it. I never heard from him again."

I imagine he would be wishing bad luck curses or something at me. I never knew what became of him after that until now.” Ball Lady said, “You told that story well. I am a lady now and you can’t do anything bad to a lady. Also, I have your school records here from that principal we had. Oh, those were good times. It turns out you did not complete all your graduation requirements so now you have to start high school all over again. There is a really nice high school in this universe. I am the principal of that high school and you are going to have to be a measly student there.” Ball Lady traps Ivan in a large ball and Ball Lady rolls Ivan off the platform. Safron said, “Now we need to rescue Ivan. Ivan is too important for us to lose not that you weren’t important, Keith.” Keith said, “Ivan is supposed to be the yin-yang chosen one and it is my duty and everyone else’s duty to protect him at all costs. The fate of the Ultraverse could be in his hands. The Ultraverse may be doomed if we don’t rescue him in time.”

Ivan is thrown into a high school class in a run-down room. The teacher looks through books and he said, “To complete this assignment, you will create characters and write stories but they have to involve principal Ball Lady as the main character and they have to result in Ball Lady defeating Ivan. Nouns, verbs, adverbs, and conjunctions are very important to telling your story. You have ten minutes to write.” Ivan sits there with sweat pouring off around him. Ivan looks at the paper and he tries to write something but it comes out as squiggle lines. The teacher said, “Show me your papers.” He sees Ivan’s is filled with lines and squiggles. The teacher said, “You are staying in this class until you finish.”

Ivan eventually writes the story and the teacher looks at it and he said, “I see Ivan getting killed at the end was an awesome plot. I love it. You may now leave.” Ivan is brought out. Ivan walks around the hallways and he looks into classrooms. Ivan said, “This place looks very run-down.” Ball Lady said, “That is what you will be if you don’t get to class now.” Ivan said, “You didn’t give me a schedule nor a map. I have no idea where I am supposed to be.” Ball Lady said, “That is for you to figure out. I will punish you again by placing you in the freezer if you don’t go to class now.” Ivan sits in a random classroom and it happens to be a class on, cross-dressing. The teacher is a man dressed in drag and he said, “Now everyone. We will dress in scantily clad with nail polish and did I tell you about how awesome it is to wear undergarments from the opposite gender?” Ivan said, “I don’t want to know.” The teacher said, “Well Ivan, why don’t you be my test subject?” Ivan is brought to the front and he is dressed like a lady with lip stick and polished long nails. The teacher puts black face paint under and above the eyes. The teacher said, “Now Ivan looks like a lovely chick that is guaranteed to get a date with any guy she meets.” One kid in the class said, “Or a man with low expectations that just got out of prison.” The whole class and the teacher laughs. The teacher said, “That sounds just like it. Now Ivan, part of the test requires you to be dressed like that for the rest of the day.” Ivan rips the women’s clothes and

makeup off him and Ivan said, "No fricking way I will ever cross dress. Unlike your principal, I am proud to be a man." The teacher said, "Naughty, naughty, Mr. Ivan. I think the principal is going to make you wash the ice again."

Ivan is wearing a dunce cap and he is washing ice in the ice room and he is freezing and he looks sick. Ball Lady looks at the nicely washed ice in the ice room. The Ball Lady said, "This ice room looks so clean that I can see myself in all the ice. Awesome job but you missed a spot." Ivan cleans up the spot. Ball Lady said, "Since the entire room was not clean when I arrived, I give you a D- on this job." Ivan said, "Not that it counts to anything." Ball Lady said, "It will when you get a job being an ice washer. That is the thing you are the best at. There is now an assembly."

Ivan sits and he sneezes and he is still wearing the dunce cap. The school's stage has lights going over it and the curtains open and Safron is dressed in a beautiful dress and she is covered with makeup. Ivan said, "Safron?" Safron turns on an amp and she sings a punk rock and roll song. All the guys watching have their eyes turn to hearts. Ball Lady is standing on the side and she said, "They actually like this music." The song ends and Safron said, "Thank you, thank you. I have a message for all of you. This school you guys go to is not an actual school. It is really just set up by the Ball Lady so she can get her revenge on the love of my life. I will hit my next song and it is written just about that." Safron sings another punk song and Monks jumps from the upper catwalk and they hold their swords at Ball Lady and her guards. Ball Lady gets on stage and she said, "This is a diversion. Students! You are all better than this. We must fight these robed monks." The students get up and they go to fight the monks. Nerds supply them with blast weapons. Keith and Roswell are present and they fight off some of the evil students. Ivan rips off the dunce cap and he joins the monks. Keith throws Ivan a sword and Ivan slashes down some of the blast guns. Ivan spots Ball Lady trying to escape. Ivan signals that Ball Lady is getting away. Roswell grabs onto Ivan and he dashes to Ball Lady. Nerds in robot suits block the door out and Ball Lady gets out and Ivan and Roswell are locked in with everyone else. The nerd controlling the robot suit said, "All of you will bow down and surrender to the fact that we are better and more advance than all of you in every way possible." Safron said, "Why don't I play some more songs to get your mind out of this." The nerd fires rockets at the amp and he said, "You have nothing on us." Dirk looks at this and he said, "Nerds. I HATE NERDS!" Dirk suddenly grows strong and powerful in rage and he smashes down the nerd in the robot suit. The nerd picks up Dirk by both of Dirks arms. Keith slashes the robot in half and Dirk is free and he beats the crap out of the robot. Safron said, "What do you have against nerds?" Dirk said, "It's a long story." Dirk cringes in pain from memories.

Roswell grabs Ivan and he zips out of the stage venue and Roswell spots Ball Lady heading for her car. Roswell jumps on the car and Ivan falls in front of the car and he holds his sword at Ball Lady. Ivan said, "You are not going to get away. You are going to Ultraverse prison." Ball Lady said, "You and what army?" Ivan points behind the Ball Lady and Monks gather around her. Safron said, "You are going to pay for what you did you Ivan." Keith said, "It was a mistake to reason with you then and it would be a bigger mistake to reason with you now." Ball Lady snaps her fingers and Korter and Kyan jump out and they pummel down the monks. Dirk gets up and he is still large and strong and filled with rage and the balls do nothing against him. Dirk points to Ball Lady and he said, "You remind me of the very reason I turned to the side of a stereotypical bad kid. No one reminds me of that. You are going down." Dirk runs to her car and he lifts it and he throws it down a hill and it crashes into another car in the parking lot. Ivan said, "It looks like you are stuck here now."

Ball Lady is dressed in an orange prison uniform and she is brought into Ultraverse prison. Ivan sees her get locked up. Ivan is with, Safron, Dirk, Keith, and Roswell. Ivan said, "Thanks again for rescuing me and how did you guys arrange such an elaborate plan?" Safron said, "Let's just say that figuring out how to get a gig at the school is like rearranging pieces of a sphere to make them disappear to free what is underneath." Keith said, "I had to pull some strings with some people. It involved setting up a singing career for Safron where she would release punk albums and become famous in the universe. Ball Lady would love her music so Safron and her crew would get invited to the school for a music gig. Little did she know that Safron is a fake celebrity and her crew was really us." Ivan said, "That sounds like a good plan." Safron said, "We would do anything to rescue you." Safron kisses Ivan.
